

## WISDOM OHIA

### Frontend Developer Intern

Email: wisdomohia3@gmail.com | Phone: +234 8146128590 | Location: Lagos, Nigeria | GitHub: github.com/lzziebush3

### PROFESSIONAL SUMMARY

Analytical Frontend Developer with a B.Sc. in Medical Physiology and a strong foundation in core web technologies. Expert at translating complex systems into clean, responsive user interfaces. Proficient in Semantic HTML5, CSS3 (Flexbox/Grid), and Vanilla JavaScript. Driven by a "builder" mindset and a commitment to writing maintainable, performant code. Currently expanding technical expertise into React and TailwindCSS.

### TECHNICAL SKILLS

**Core:** HTML5 (Semantic), CSS3 (Flexbox, Grid, Variables), JavaScript (DOM Manipulation, Event Listeners)

**Frameworks/Libraries:** React.js and TailwindCSS (Current Focus)

**Design & UI:** Responsive Web Design, Mobile-First Workflow, VCSS Variables

**Tools:** Git, GitHub, VS Code, Chrome DevTools (Debugging)

### SELECTED PROJECTS

[Interactive Secure Login System](https://lzziebush3.github.io/loginpage/) | <https://lzziebush3.github.io/loginpage/>

- Developed a modern, glassmorphism-style login interface using HTML and CSS.
- **Implemented JavaScript Logic:** Created a password visibility toggle (eye icon) and form submission feedback to improve User Experience (UX).
- Optimized layout for cross-device compatibility using Media Queries.

[Professional Developer Portfolio](https://lzziebush3.github.io/portfolio/) | <https://lzziebush3.github.io/portfolio/>

- Architected a responsive personal site focusing on clean, maintainable CSS through the use of **CSS Variables**.
- Built a custom mobile navigation menu and ensured high performance across all major browsers.

### EDUCATION

**B.Sc. Medical Physiology** – Nnamdi Azikiwe University

Key Achievement: Developed rigorous research and systemic analysis skills, now applied to debugging and software logic.
